

ELECTROCARDIOGRAM TECHNICIAN.....TUITION

Course Description:

Electrocardiograms are performed routinely at medical examinations, pre-surgical evaluations, before initiating fitness programs, as well as in the assessment and treatment of cardiovascular disease. This program will instruct students in the responsibilities of applying up to 12 leads electrocardiograms, patient's confidentiality, basic electrophysiology, and rhythms strips interpretations. Lectures will include medical terminology, cardiac drugs, and cardiac complications, along with recording and reporting.
