

PHYSICAL THERAPY AIDE....TUITION

COURSE DESCRIPTION:

Physical therapy is concerned with the improvement of functional abilities in persons with limitations due to pain, disease, or injury. Physical therapist utilized physical methods such as heat, massage, exercise, and physical treatment instead of drugs to reestablish functional independence, prevent or rehabilitate disabilities and promote health in patients.

Physical therapy aides work in hospitals, physical therapy facilities, nursing homes, physician offices, home health care services or outpatient care centers.
